

Waterville Central School District

Vision:

Challenge yourself!

Imagine, design, and create your best future

Mission:

The Waterville Central School District, a partnership of students, staff, families and community focuses on educating the whole-child for personalized success in an ever-changing world

We Believe

We believe in high expectations and learning by all

We believe in wellness

We believe in future-ready knowledge and skills

We believe in the efficiency of resources

Our Commitment

All students and staff will be supported through personalized growth and agency to be their best while held to rigorous educational standards and high achievement

All students, staff and families will be engaged in an environment that values equity and diversity, and promotes social/emotional/physical wellness, citizenship and safety

All students will be prepared for post-secondary success and inspired to become life-long learners and nurtured to become intellectually curious, creative and critical thinkers, and effective communicators and collaborators

The Waterville CSD will be innovative in maximizing resources and leveraging partnerships to meet program objectives and the needs of all students
